Hi (b) (6)

Please drop by tomorrow so I can tell you about the pleasant conversation I just had regarding our favorite NEG elevator. When I saw the Quality Technician by the elevator I said “oh good you are here-tell me it’s running”.

He followed up with “when GSA pays us we will fix it.” Then the conversation went downhill.

I’ll tell you more in person.

Sincerely,

Vicki Willmann
Director, Ronald Reagan Building
